

Please note:

1. All the measurements are in inches
2. The sizes quoted are the actual size of the top
3. The garment chest size is measured under the armpits
4. Three fit sizes are available

Rule of thumb... Take someone's actual chest measurement then add;  
 5 inches for a Regular cut  
 3 inches for a Fitted cut

Take that number and match it to the closest size in your desired cut of shirt. E.g. 42" chest person wanting a Regular cut shirt would pick a large size.
